

Statement of Commitment to Accessibility

January, 2014

Mississauga Golf & Country Club is committed to excellence in serving all of our members & guests including people with disabilities. While our staff has always done their best to assist people's unique needs, we now have a formal plan in place to ensure that as a Club, we have made every reasonable effort to identify, remove and prevent barriers to service for persons with disabilities.

As an organization, we respect and uphold the requirements set forth under the Accessibility for Ontarians with Disabilities Act (2005), Customer Service Standard, and the Integrated Accessibility Standards Regulation for Information and Communications, Employment, and Transportation, and eventually, for the Built Environment.

Approximately 1.8 million Ontarians lives with a disability, and as the population grows older, this number will also increase. Our organization has made a commitment to accessibility for everyone who uses our services because this makes good business sense, and it is also a legal obligation.

MGCC has an important responsibility for ensuring a safe, dignified, and welcoming environment for everyone. We are committed to ensuring our organization's compliance with accessibility legislation by incorporating policies, procedures, equipment requirements, training for employees, and best practices. We will review these policies and practices on a regular basis. Our commitment to making our organization accessible to everyone includes the integration of accessibility legislation with our policies, procedures, programs, and training.

We are committed to reviewing and incorporating the following information with our employees:
